Dear Parents and Carers,

We would like to wish our graduates of our curious class of 2019 congratulations and best of luck as they venture off to school. You will all be very missed by all. Please keep in touch with us, share your photos of your children in their new uniform and if you wish, please give us some feedback on your experiences with us, we would love to hear from you!

From all our staff team here, we'd like to thank our parents for your constant support throughout the year.

Gemma and the Curious Hedgehogs team

A huge well done to Scott who recently received his certificate in advanced Makaton. Scott regularly uses Makaton with our children as a standard part of his practice and will be working with the rest of the team to develop our practice as a whole!

What have we been getting up to?

Our rabbits received a gift of giant African land snails! We named them Sandra and Steve. We help the adults to care for them every day, making sure they have fresh water and their home is clean.

Outdoor Areas

We're working hard to develop our outdoor environments. We assigned our babies a new garden which is our previous allotment. Rabbit rooms & preschool are making improvements to their outdoor space. Pre-school now have an allotment, where we are currently growing lots of herbs, vegetable, fruit, flowers and sunflowers! Pre-school also have their own bare foot trail based within their outdoor space and we're creating exciting new plans for the baby garden with the child's voice in mind.

We'd like to take a holistic approach to making these changes so would appreciate your ideas and feedback too! For more information please speak to a member of the team or just ask to see the changes and improvements, we are happy for your involvement!
